

## Proceedings of the External Academic Audit Team held on 13.09.2022 at the RCM Science College Khallikote

---

### Members Present:

1. Prof. Siba Prasad Adhikary, Chairperson (Former Vice-Chancellor, Fakir Mohan University)
2. Prof. Jugal Kishore Mishra, Coordinator (Former Professor of Political Science, Berhampur University & IQAC Director, KISS, DU, Bhubaneswar)
3. Prof. Prakash Chandra Mishra, Member (Professor of Emeritus Commerce, Berhampur Univ.)
4. Prof. Manas Ranjan Patra, Member (Professor Computer Science, Berhampur Univ.)
5. College Officials (Principal & IQAC Coordinator) and Secretary, KC Trust

### Business Transacted:

The team visited the college on 13<sup>th</sup> September, 2022 from 10AM to 5 PM and carefully listened to the presentation on the department-wise academic activities of the college for the academic session 2021-22 and had an on-site visit of the physical facilities along with records and files available in the college to facilitate teaching-learning.

The team is satisfied with the academic ambience of the college and the enthusiasm of the well-qualified teachers to get themselves involved in imparting quality education. The facilities such as laboratory, ICT enabled classrooms, library, Internet access through Wi-Fi are available for the students. Student performance in the University examinations is quite encouraging as many of them got University ranks.

The detailed assessment under different categories in the proforma is attached in the appendix-I.

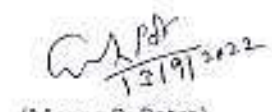

The audit team recommends the following for further improvement of academic activities of the college.

1. Efforts should be made to have more number of impart skill-based/value-added/add-on courses to make the students employable.
2. Arrange placement for the students by collaborating with organizations, industries, and institutions of repute.
3. Arrange more number of seminars/workshops/training programs for teachers, non-teaching staff as well as students.
4. Explore outreach programs for the benefit of the local beneficiaries/community such as farmers and fishermen of Chilika, the largest brackish water lagoon of Asia in the vicinity of the college.
5. Create facilities and encourage research activities.
6. Steps be taken for optimal use of infrastructure.
